◇	4	2.40mm	Plated	
□	2	3.25mm	Non-Plated	
	106 Total			

FABRICATION NOTES — RevA

1. Fabricate PCB in accordance with the supplied RevA Gerber X2 and NC drill files.
2. Board outline: 70.00 mm × 34.00 mm. Refer to dimensioned drawing.
3. Four-layer PCB construction. Follow the supplied Altium layer stack and layer sequence.
4. Nominal PCB thickness: 1.53 mm, as defined by the current PCB layer stack.
5. Mounting holes: 4 × Ø2.40 mm plated through holes (PTH), on 62.00 mm × 26.00 mm centres.
6. All plated and non-plated holes shall conform to the supplied NC drill files and drill table.
7. Controlled differential impedance: USB 90 Ω ±10%; Ethernet 100 Ω ±10%.
8. Preserve the supplied copper geometry, solder mask openings, silkscreen and board profile.
9. Surface finish, solder mask colour and silkscreen colour: to be confirmed before fabrication.
10. Any proposed deviation from the supplied RevA manufacturing data requires approval before fabrication.
